Section 1. Eligibility of Project Area. It is hereby found and determined that the Project Area is blighted and qualifies as an eligible Project Area under the Community Redevelopment Law of the State of California.

Section 2. Conformity with the Community Redevelopment Law in Public Interest. It is hereby found and determined that the amended Redevelopment Plan will develop the Project Area in conformity with the Community Redevelopment Law and in the interest of the public peace, health, safety, and welfare.

Section 3. Economic Soundness and Feasibility. It is hereby found and determined that the adoption and carrying out of the amended Redevelopment Plan is economically sound and feasible.

Section 4. Conformity with Master Plan. It is hereby found and determind that said Redevelopment Plan Amendment conforms to the Master Plan of the City and County of San Francisco.

Section 5. Effectuation of Purposes and Policy of Law. It is hereby found and determined that the adoption and carrying out of the amended Redevelopment Plan would effectuate the purposes and policy of the Community Redevelopment Law.

Section 6. Redevelopment of the Project Area. It is hereby found and determined that the elimination of blight and the redevelopment of the Project Area could not be reasonably expected to be accomplished by private enterprise acting alone without the aid and assistance of the Agency.

Section 7. This Board of Supervisors further hereby finds, determines and declares that the Amendments to the Redevelopment Plan for the Western Addition Approved Project Area A-1, as amended, which have been proposed and recommended by the Redevelopment Agency of the City and County of San Francisco, for the purpose of making provision for additional housing as set forth in that Agency Resolution No. 388-81, adopted October 19, 1981, are necessary and desirable and the same are hereby approved and adopted.

Section 8. Ordinance No. 9708 (Series 1939) adopted May 28, 1956, as amended by Ordinance No. 22-61 on January 30, 1961, amended by Ordinance No. 198-61 on July 31, 1961, amended by Ordinance No. 9-63 on January 14, 1963, and amended by Ordinance No. 42-63 on February 25, 1963, amended by Ordinance No. 195-64 on July 3, 1964, is hereby further amended by this Ordinance. The Amendments to the Redevelopment Plan for the Western Addition Approved Redevelopment Project Area A-1 include as an alternate permitted use a new residential category, M-6, as well as a housing bonus, thereby allowing greater residential density. The category will also provide the additional capability of creating neighborhood serving commercial activity.

A copy of the proposed Redevelopment Plan Amendments for the Western Addition Redevelopment Project Area A-1 are on file in the office of the Clerk of the Board of Supervisors of the City and County of San Francisco and by this reference incorporated in and made a part of this Ordinance with the same force and effect as though set forth fully herein.

Section 9. The Clerk of this Board is hereby directed forthwith and immediately to transmit to appropriate officers and agencies all documents specified in Section 27295 of the Government Code of the State of California.

ORDINANCE NO. 20-81

AMENDING SECTION 869.2 OF PART II, CHAPTER VIII, SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) TO EXTEND THE MORATORIUM ON ISSUANCE OF FURTHER PEDDLERS' PERMITS FOR PEDDLING IN THE FISHERMAN'S WHARF AREA FOR A PERIOD OF SIX MONTHS; AN EMERGENCY ORDINANCE.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The Board of Supervisors of the City and County of San Francisco finds it necessary to extend the one-year moratorium imposed in 1980 on the issuance of peddlers' permits in the Fisherman's Wharf area of San Francisco. The facts which create this necessity are as follows;

1. An exceedingly high number of peddlers' permits and street artist permits are presently in effect which authorize peddling of goods, wares, or merchandise, or sale of street artists wares in this area.

2. Present standards of the police department would allow additional peddlers' permits to be issued.

3. The number of peddlers and street artists in the area, and the congregation of persons patronizing such peddlers and street artists, despite present regulations intended to facilitate the flow of traffic, including fire and emergency access, driveway, and street entrance access, have created an overcrowding situation which threatens public safety.

4. A review of the regulations for issuance of peddlers' permits by the police department, which is presently being conducted with full public participation, is necessary to determine whether it is necessary to modify the regulations applied to presently-permitted peddlers, to change the locations

authorized for presently permitted peddlers, or to reduce the number of peddlers permitted in the Fisherman's Wharf area. In order that those presently holding permits be protected from such adverse impact as would result if it is found necessary to reduce the number of outstanding permits, to change the locations authorized under existing permits, or otherwise to modify the regulations applicable to peddlers in the Fisherman's Wharf area, it is necessary to extend the moratorium on further issuance of peddler's permits in the Fisherman's Whart area.

Section 2. Part II, Chapter VIII of the San Francisco Municipal Code ;is hereby amended by the addition of Section 869.2, to read as follows:

Section 869.2. Moratorium on issuance of permits.

(a) For six months from the effective date of this ordinance no peddlers shall be licensed to peddle goods, wares or merchandise in the area bounded by Van Ness Avenue, Aquatic Park, the Embarcadero, and Bay Street.

(b) This Ordinance shall not be construed to prevent the renewal or modification of peddlers' permits which would permit such peddling, except that no such peddlers' license shall be modified or renewed, during the specified period, on terms expanding the license as it applies to the area bounded by Van Ness Avenue, Aquatic Park, The Embarcadero, and Bay Street.

(c) This Ordinance does not apply to those peddlers regulated by Article 24 of this Code.

Section 3. The Police Department shall report to the Board of Supervisors by February 1, 1982 on the measures it has taken to reduce the safety problems associated with street artists and peddlers in the Fisherman's Whart area, and on any recommendation for revisions of Section 869 of the Police Code to further ameliorate the problem.

DOCUMENTS DEPT.

Section 4. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists and that this ordinance be made effective forthwith, the nature of the emergency being the crowds presently attracted by the existing number of peddlers and street artists overflow into the streets of the area causing a hazard to lives; vehicular parking and traffic violations occur with alarming frequency, impeding traffic and blocking pedestrian crosswalks and fire hydrants, impeding response by fire, police and emergency vehicles; additional permit holders, added to the expected Thanksgiving through Christmas/Hanukkah crowds would further exacerbate a dangerous situation.

AMENDING SECTIONS 242.2 THROUGH 242.10, INCLUSIVE, OF PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE), TO EXTEND SPECIAL USE CONTROLS FOR AN ADDITIONAL ONE YEAR PERIOD, AND AMENDING SECTIONS 242, 242.1 THROUGH 242.10, INCLUSIVE, AND 312 OF PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE), AND MODIFY SECTION 242.4 (UPPER FILLMORE) AND SECTION 242.7 (UPPER MARKET EAST) TO REQUIRE SPECIAL USE AUTHORIZATION FOR COMMERCIAL OFFICE USE ON THE SECOND STORY WHEN SUCH USE DISPLACES RESIDENTIAL UNITS, TO REFINE AND CLARIFY ADMINISTRATIVE PROCEDURES, SCOPE OF ORDINANCE AND DEFINITIONS, AND TO PERMIT BY AMENDING SECTION 242.3 (UPPER FILLMORE) COMMERCIAL OFFICE USE OF THIRD STORY SPACE AS A SPECIAL USE WHEN SUCH THIRD STORY IS NEWLY CONSTRUCTED AND DOES NOT DISPLACE RESIDENTIAL UNITS.

Be it ordained by the people of the City and County of San Francisco:

Section 1. Article 2 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Section 242.2 to read as follows:

Section 242.2. Sacramento Street Special Use District. In order to provide for an established shopping area with a unique mixture of local, citywide and regional sales and services and a special identity, there shall be a Sacramento Street Special Use District, a Neighborhood Commercial Special Use District, as designated on Sectional Map 3SU of the Zoning Map. The original of said map is on file with the Clerk of the Board of Supervisors

under File No. 385-80-1.

(a) This special use district will be applicable until October 19, 1982, after which period this Section 242.2 will be of no further force or effect.

(b) Specific findings and purposes. This ordinance is intended to carry out the policies for orderly growth in the neighborhood commercial districts in the Commerce and Industry element of the San Francisco Comprehensive Plan and to further the general purposes of zoning legislation as set forth in Section 101 of this code, to promote the health, safety and general welfare of the public through:

1. Preservation of the existing scale and mix of commercial uses along Sacramento Street in order to maintain the livability of the surrounding residential area as well as the economic viability of the street.

2. Establishment of performance standards for certain types of commercial uses which are concentrated along the street in a manner potentially harmful to residential livability and the maintenance of small-scale neighborhood-serving businesses.

3. Establishment of upper story controls to protect the existing housing stock and preserve the historical residential-commercial character on the street.

4. Establishment of certain businesses as special uses in order to allow for the orderly development of the street and to prevent any damage to the neighborhood character of the street

with its special mix of food and beverage service, entertainment, specialty shops and professional services.

5. Establishment of density thresholds for certain commercial uses beyond which special review is required to assure maintenance of a balance of sales and services to the neighborhood, citywide and regional customers and users of the street and prevention of excessive noise, traffic congestion and parking demand and other conditions distruptive of the adjacent residential neighborhood.

6. Prohibition of "drive-up" type uses, and establishment of review procedures for off-street parking facilities, which uses would cause interference with an already congested traffic flow and would be out of character with the special urban character of this unique shopping area.

These standards shall govern the adoption of guidelines by the City Planning Commission to be applied by the Zoning Administrator, the City Planning Commission, and the Board of Supervisors, on appeal, in reviewing applications for special uses.

(c) Controls. The following provisions shall apply within such special use district:

1. Floor area, frontage, off-street parking, and outdoor activity shall be permitted as principal uses only within the standards set forth in Table 5B. Applications that exceed the standards therein set forth shall be permitted as special uses after review under applicable

criteria set forth in this Code and Guidelines adopted by the City Planning Commission for such uses.

2. Second story commercial office uses shall be permitted as principal uses only within the standards set forth in Table 5B. Second story office applications that do not meet the standards therein set forth shall be permitted as special uses after review under applicable criteria set forth in this Code and Guidelines adopted by the City Planning Commission. Second story retail uses shall not be permitted. Third story and above commercial uses (retail and office) shall not be permitted.

3. Bars, fast food outlets, financial institutions, places of entertainment, restaurants, and stores selling liquor for off-premises consumption may be permitted within the standards set forth in Table 5B as permitted uses where the threshold number has not been exceeded, or as special uses otherwise.

4. No permitted use shall include an establishment of the "drive-in" type, serving customers waiting in parked motor vehicles.

5. Any application for special use authorization for establishment, alteration or enlargement of a cabaret, dance hall, hotel, or for off-street parking accessory to non-residential uses, shall be reviewed, and approved or disapproved by the City Planning Commission which shall consider all relevant criteria set forth in Section 312 of this Code before taking action.

The original of said map is on file with the Clerk of the Board of Supervisors under File No. 325-80-3.

(b) Specific findings and purposes. This ordinance is intended to carry out the policies for orderly growth in the neighborhood commercial districts in the Commerce

1. Preservation of the existing scale and mix of commercial uses along Haight Street in order to maintain the livability of the surrounding residential area as well as the economic viability of the street.

2. Establishment of performance standards for certain types of commercial uses which are concentrated along the street in a manner potentially harmful to residential livability and the maintenance of small-scale neighborhood-serving businesses.

3. Establishment of upper story controls to protect the existing housing stock and preserve the historical residential-commercial character on the street.

6. Prohibition of "drive-up" type uses, and establishment of review procedures for off-street parking facilities, which uses would cause interference with an already congested traffic flow and would be out of character with the special urban character of this unique shopping area. These standards shall govern the adoption of guidelines by

the City Planning Commission to be applied by the Zoning Administrator, the City Planning Commission, and the Board of Supervisors, on appeal, in reviewing applications for special uses.

(c) Controls. The following provisions shall apply within such special use district:

Section 242.9 24th Street - Mission Special Use District.

In order to provide for an established shopping area with a unique mixture of local, citywide and regional sales and services and a special identity, there shall be a 24th Street - Mission Special Use District, a Neighborhood Commercial Special Use District, as designated on Sectional Map 10SU of the Zoning Map. The original of said map is on file with the Clerk of the Board of Supervisors under File No. 325-80-8.

(a) This special use district will be applicable until October 19, 1982,

after which period this Section 242.9 will be of no further force or effect.

(b) Specific findings and purposes. This ordinance is intended to carry out the policies for orderly growth in the neighborhood commercial districts in the Commerce and Industry element of the San Francisco Comprehensive Plan and to further the general purposes of zoning legislation as set forth in Section 101 of this Code, to promote the health, safety and general welfare of the public through:

1. Preservation of the existing scale and mix of commercial uses along 24th Street in order to maintain the livability of the surrounding residential area as well as the economic viability of the street.

2. Establishment of performance standards for certain types of commercial uses which are concentrated along the street in a manner potentially harmful to residential livability and the maintenance of small-scale neighborhood-serving businesses.

3. Establishment of upper story controls to protect the existing housing stock and preserve the residential-commercial character on the street.

4. Establishment of certain businesses as special uses in order to allow for the orderly development of the street and to prevent any damage to the neighborhood character of the street with its special mix of food and beverage service, entertainment, specialty shops and professional services.

5. Establishment of density thresholds for certain commercial uses beyond which special review is required to assure maintenance of a balance of sales and services to the neighborhood, citywide and regional customers and users of the street and prevention of excessive noise, traffic congestion and parking demand and other conditions disruptive of the adjacent residential neighborhood.

6. Prohibition of "drive-up" type uses, and establishment of review procedures for off-street parking facilities, which uses would cause interference with an already congested traffic flow and would be out of character with the special urban character of this unique shopping area. These standards shall govern the adoption of guidelines by

the City Planning Commission to be applied by the Zoning Administrator, the City Planning Commission, and the Board of Supervisors, on appeal, in reviewing applications for special uses.

(c) Controls. The following provisions shall apply within such special use district:

1. Floor area, frontage, off-street parking, and outdoor activity shall be permitted as principal uses only within the standards set forth in Table 5I. Applications that exceed the standards therein set forth shall be permitted as special uses after review under applicable criteria set forth in this Code and Guidelines adopted by the City Planning Commission for such uses.

2. Second story commercial office uses shall be permitted as principal uses only within the standards set forth in Table 5I. Second story office use applications that do not meet the standards therein set forth shall be permitted as special uses after review under applicable criteria set forth in this Code and Guidelines adopted by the City Planning Commission. Second story retail uses shall not be permitted. Third story and above commercial uses (retail and office) shall not be permitted.

3. Bars, fast food outlets, financial offices, places of entertainment, restaurants and stores selling liquor for off-premises consumption may be permitted within the standards set forth in Table 5I as

permitted uses where the threshold number has not been exceeded, or as special uses otherwise.

4. No permitted use shall include an establishment of the "drive-in" type, serving customers waiting in parked motor vehicles.

5. Any application for special use authorization for establishment, alteration or enlargement of a cabaret, dance hall, hotel, or for off-street parking accessory to non-residential uses, shall be reviewed, and approved or disapproved by the City Planning Commission which shall consider all relevant criteria set forth in Section 312 of this Code before taking action.

SEC. 2. Purpose. It is the intent of the Board of Supervisors that the costs incurred by the City and County of San Francisco (hereinafter the City) in processing applications for permits issued by the Police Department and regulating activities authorized thereby shall be defrayed by filing fees and license fees (as hereinafter defined), which fees are imposed solely for

the purpose of paying for the processing and regulatory services provided.

SEC. 2.1 Definitions.

(a) Filing Fee. A filing fee is a fee levied by the Department to reimburse it for all costs, direct and indirect, including an allocatable portion of fixed overhead costs, incurred in processing any permit application or application for amendment to a permit, and in conducting any investigation connected therewith.

(b) License Fee. A license fee is a fee levied by the Department on behalf of the City to reimburse the City for the costs incurred by the City in engaging in regulatory, inspection, and police activities in connection with the type of activity, business, profession, calling or event authorized by each type of permit approved by the San Francisco Police Department.

SEC. 2.2. Fee Setting Procedure. Each year the Chief of Police shall cause a report to be made of the revenues received from each type of fee collected by the Department, the costs incurred in providing the services for which the fee is assessed, the anticipated costs for the ensuing fiscal year and the rates which would be necessary to support such costs for each type of fee. Said report shall be filed with the Controller no later than April 1, of each year pursuant to the provisions of [Section 3.17-2 of the San Francisco Administrative Code.]

The Controller shall file said report with the Board of Supervisors no later than May 15 of each year and the Board of Supervisors shall, by ordinance, establish or readjust the rates for the filing fees and license fees. The rates set shall be equal to, but not greater than, the rates necessary to support the costs of providing the services for which each fee is assessed.

SEC. 2.3. General Provisions. A permit does not take the place of any license required by law. A permit shall not be transferable except as provided in this Code.

SEC. 2.4. Manner of Applying for Permit. All applications for permits required by this Code shall be made to the Police Department in the manner prescribed in this Code and in Part III of the San Francisco Municipal Code.

When an application is filed with the Police Department for any of the permits required by this Code, the Department shall cause an investigation to be made when required by this Code prior to deciding whether to grant the permit. No permit may be issued without such investigation when it is required.

SEC. 2.6. Discretionary Powers. The Police Department may

issue a permit or in the exercise of the discretion provided in Section 26, Part III of the San Francisco Municipal Code, the Police Department may deny the permit; provided, however that when the approval of other City Departments is required, no permit shall be issued without the approval of such Departments.

SEC. 2.7. Transfer of Permits. No permits issued by the Police Department are transferable except as expressly permitted in this Code. All applications for transfer of permit shall be made to the Police Department and shall be accompanied by the payment of the same filing fee as for an initial application.

SEC. 2.8. Tax Collector To Deliver Permit. Upon approval of the permit by the Police Department, said permit, except as provided in Section 2.9 of this Article, shall be delivered to the Office of the Tax Collector, where it shall be delivered in turn to the applicant upon payment to the Tax Collector of the license fee required by law or ordinance. Written notice of the renewal, annual or otherwise, of a permit shall be delivered to the applicant upon payment of the annual license fee to the Tax Collector; but such permit or license shall not be delivered to the applicant by the Tax Collector if the Tax Collector receives written notification from the Police Department requesting that the issuance of such permit be withheld.

SEC. 2.9. Permits issued by the Police Department. Since

the following permits have no license in connection therewith, they will not be delivered to the Tax Collector, but will be issued directly from the office of the Police Department.

Permits issued by the Police Department after the adoption of this ordinance, with the exception of permits issued for temporary operations, shall be valid until the next annual renewal date as provided in this Code or for one (1) year from the date of issuance when there is no annual renewal date, unless revoked prior to such date. The permit shall be renewed for the ensuing year and each year thereafter upon payment of the annual license fee.

SEC. 2.11. Quarterly Permits to Become Annual. Quarterly permits issued by the Police Department prior to the adoption of this ordinance shall be renewed each quarter until January 1, 1982, at which time the permits shall be issued annually as provided in Section 2.10 of this Article.

requirements of Article I, Part III of the San Francisco Municipal Code, the Police Department shall have the power to revoke or suspend any permit issued by the Police Department under the provisions of this Code or Part III of the San Francisco Municipal Code for violations of any such provisions or written regulations of any department relating to the use of the permit by the permittee, his agent or employee. Upon a determination that the permittee has violated or attempted to violate the aforesaid provisions of the Municipal Code or written departmental regulations, the Police Department shall revoke or suspend the permit. The Police Department shall forward to the Tax Collector, and any other city department involved in the issuance of such permit, written notice of such revocation or suspension.

SEC. 2.13. Right of Appeal. Whenever an application for any permit provided for in this Code shall be denied or an existing permit revoked or suspended, the person aggrieved shall have the right to appeal to the Board of Permit Appeals from such denial, revocation or suspension. If the license fee is not paid within 60 days after the same becomes due, the Tax Collector shall increase the penalty for nonpayment to 15 per cent of the amount of the stated fee. If the license fee is not paid within 90 days after the same becomes due, the Tax Collector shall increase the penalty for non-payment to 25 per cent of the amount of the stated fee, provided however, when a permittee has failed for a period of six months or more to pay a license fee, the Tax Collector shall, in such instance, impose another penalty of 25 per cent of the total amount of fee delinquent, including previous penalty charges, to the total amount due for the delinquency payment.

SEC. 2.17. Revocation of Permit for Non-Payment of Permits or Licenses. Each year the Tax Collector shall forward to the Police Department a list of those permit holders who have not paid the overdue fees for a period of six months or more, and the

Police Department shall initiate revocation proceedings pursuant to the provisions of Section 2.12 of this code. After a permit is revoked for non-payment of the license fee, a new permit may be issued, but only upon filing a new application and the payment, in advance, of the filing and license fees and any overdue fees and penalties.

SEC. 2.19. Not Exempted from Paying Other Fees. Payment of filing fees and license fees as provided in this Code does not exempt the permit holder from payment of any other charges which may be levied pursuant to other sections of the San Francisco Municipal Code or written rules and regulations of any department relating to the permit.

SEC. 2.20. Permitting Substitutes For Metal Badges. Whenever in this Part II, Chapter VIII (Police Code) of the San Francisco Municipal Code, there appears a requirement for a metal badge, metallic plate, metallic bus permit or metallic chauffeur's badge, metal or metallic "jitney bus" permit or metal or metallic "jitney bus" license metallic badge or card or other similar requirement of metal, the officer responsible for the issuance thereof may substitute any suitable material for metal or metallic material.

SEC. 2.21. Payment for Badge. The Tax Collector shall collect a fee for each badge issued in connection with a permit or license. The cost for the badge shall be set by the issuing department and shall be for the cost of processing and issuing the badge.

SEC. 2.22. Payment for Identification Card. The Tax Collector shall collect a fee for each identification card issued in connection with a permit or license. The cost for the identification card shall be set the issuing department and shall cover the cost of processing and issuing the identification card.

It shall be unlawful to do or perform the act or carry on the business, trade, profession or calling for which a license or permit is required by law or ordinance or to own, keep or use the article or thing, for the owning, keeping or using of which a license or permit is required by law or ordinance, unless such license or permit be first procured.

SEC. 2.28. Fees For Auctioneers and Closing-Out Sales.

(a) Notwithstanding any other provision of law, it is the intent of the Board of Supervisors that the following fees not only pay for the costs of processing the permits and regulating these activities, but also generate revenue. The Board of Supervisors finds that these fees have, in the past, made no distinction between processing/regulatory purposes and revenue generating purposes and have been used both to pay for the processing/regulatory costs and to generate substantial revenue; that these fees have been, and continue to be, revenue producing devices; that, to insure that no greater amount of the revenues produced be expended to defray costs than was expended prior to the adoption date of Article XIIIA of the California Constitution, it has become necessary, in these cases, to provided separate filing and license fees (which are listed in Sections 2.26 and 2.27 of this article) to reflect the increased costs of processing and regulatory activities since July 1, 1978; and that the following fees predate the passage of Article XIIIA of the California Constitution and impose no changes to these fee rates.

(b) Auctioneer. The fee schedule is as follows:

Those whose sales amount to Two Million ($2,000,000.00) Dollars or more per year shall pay an annual fee of Eight Hundred ($800.00) Dollars;

Those whose sales amount to One Million ($1,000,000.00) Dollars or more, and less than Two Million ($2,000,000.00)

Dollars per year, shall pay an annual fee of Six Hundred ($600.00) Dollars;

Those whose sales amount to Five Hundred Thousand ($500,000.00) Dollars or more, and less than One Million ($1,000,000.00) Dollars per year, shall pay an annual fee of Four Hundred ($400.00) Dollars;

Those whose sales amount to less than Five Hundred Thousand ($500,000.00) Dollars per year shall pay an annual fee of Two Hundred ($200.00) Dollars.

(c) Close-Out Sale. The fee shall be charged of one percent (1%) of the gross retail value of the entire stock of merchandise on hand for the closing-out sale at the time of application for such permit, whether said sale is to be conducted by auction or otherwise.

SEC. 2.29. Additional License Fees.

(a) When either a mobile caterer's or pawnbroker's permit and license is originally granted an additional license fee shall be charged as shown below.

| | |
|---|---|
| Mobile Caterer | $7,500 |
| Pawnbroker | $6,000 |

(b) The license fees required to be paid by this section are imposed, pursuant to the taxing power of the City and County of San Francisco, solely for the purpose of obtaining revenue and they predate the passage of Article XIIIA of the California Constitution.

(c) Any person required to pay a fee under this section shall not be relieved from the payment of any license tax or fee for the privilege of doing such business required under any other ordinance of the City and County and shall remain subject to the regulatory provisions of other ordinances.

(d) Every person to whom a license or permit is transferred, except where the transfer is to the spouse, child, or children of a license or permit holder by testate or intestate succession or to the spouse of a license or permit holder pursuant to a marital settlement agreement, with the consent of the Chief of Police and the Director, shall pay to the Tax Collector upon delivery of each such license or permit by the Tax Collector a fee as follows:

| | |
|---|---|
| Mobile Caterer | $ 500 |
| Pawnbroker | $6,000 |

(e) The Tax Collector shall transmit all moneys collected pursuant to this section of the code to the Treasurer for deposit to the general fund.

AMENDING ARTICLE II, PART III, SAN FRANCISCO MUNICIPAL CODE, BY AMENDING SECTION 807 THEREOF, PROVIDING FOR AN EXEMPTION OF EIGHT DOLLARS AND NINETY-NINE CENTS ($8.99) OR LESS TO THE STADIUM OPERATOR ADMISSION TAX; PROVIDING FOR EXPIRATION DATE OF DECEMBER 31, 1982.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings.

The Board of Supervisors finds:

That the purpose of the Stadium Admission Tax is to help defray costs incurred by expansion of Candlestick Park in 1970 to accommodate the San Francisco Forty Niners.

That the cost of that expansion should not be borne by the San Francisco Giants, nor their patrons.

That so long as the debt service on Candlestick Park bonds can be retired with non-ad valorem revenues, the San Francisco Giants and certain other users of the facility should be exempt from payment of the Admission Tax.

Section 2. Article II, Part III, San Francisco Municipal Code, is hereby amended by amending Section 807 thereof, to read as follows:

SEC. 807. Exemptions. No tax shall be imposed (1) on the receipts from admission tickets sold at Eight Dollars and Ninety-nine Cents ($8.99) or less; (2) when a stadium is used by athletic teams sponsored by the San Francisco Unified School District or by the San Francisco Community College District; (3) when a stadium is used by nonprofit elementary or secondary schools, attendance at which satisfies the requirements of the compulsory education laws of the State of California; (4) when a stadium is used by an operator or sponsor of charity athletic contests or other special benefit entertainment events no part of the net earnings of which inures to the benefit of any private shareholder or individual and the assets of said operating or sponsoring organization are irrevocably dedicated to tax exempt purposes; (5) any recreation field operated by the Recreation and Park Commission where athletic contests, exhibitions or special events may be presented and which may contain a seating arrangement adjacent to one portion of said field containing not more than 5,000 permanent seats.

The exemption set forth in subsection (1) hereinabove shall be applicable to admission tickets sold on the effective date of this ordinance and through December 31, 1982; thereafter, no tax shall be imposed on the receipts from admission tickets sold at two dollars and one cent ($2.01) or less.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended to read as follows:

Sec. 8.3. Disposition and Destruction of Useless Records Generally.

It shall be the duty of each department head to prepare a schedule for the systematic disposition of useless records, which schedule will be effective after approval by the officers and boards specified below:

A department head is authorized to destroy or otherwise dispose of useless records of his department five years after their origin and after they have served their purpose and are no longer required except that records pertaining to financial matters shall be destroyed only after approval by the controller, those having legal significance only with the approval of the

city attorney, and payroll checks, time cards and related documents only with the approval of the retirement board.

On request, payrolls, time cards and related documents shall be delivered to the retirement board in lieu of being destroyed.

Records less than five years old may be destroyed or otherwise disposed of if their destruction or other disposition within a shorter length of time is specifically provided for in a schedule for the systematic destruction of useless records recommended by the department head, approved by the chief administrative officer, board or commission concerned, by the city attorney as to records of legal significance, by the controller as to records relating to financial matters, by the retirement board as to time rolls, time cards, payroll checks and related matters, and adopted by resolution of the board of supervisors.

The provisions of this section do not apply to sound recordings of radio or telephone communications as described in Section 8.3-1.

Nothing in this section shall be deemed to apply to or authorize the destruction of any records that are kept pursuant to a state statute, or are accumulated by a city department while acting in a state matter.

Section 2. The San Francisco Administrative Code is hereby amended by adding Section 8.3-1 to read as follows:

DOCUMENTS DEPT.

(2) Commencing June 30, 1978 six point twenty-three percent (6.23%) of the total amount of the monies credited to the Hotel Room Tax Fund, attributable to occupancies on and after June 30, 1978, pursuant to this Article for a period of not to exceed thirty (30) years, less $60,000 a year, shall be specifically appropriated to the office of the Chief Administrative Officer to facilitate the construction of low-income housing in the Project Area and on certain parcels adjacent thereto, including, as may be necessary, payments for architecture, engineering, maintenance and operation, construction, financing and rent supplements for low-income households; provided, however, expenditures of the funds derived from the allocation set forth in this subsection (2) are to be made in accordance with the following budgetary limitations:

(a) The first available funds shall be used exclusively to facilitate development of low-cost housing in the Project Area and on certain parcels adjacent thereto, including, but not limited to, expenses pertaining to the preparation of architectural and engineering programs, plans, specifications, estimates, land acquisition and expenses incurred by the City.

(b) The funds next available in excess of the amount required for the purposes described in (a) above shall be used exclusively to finance the construction of low-cost housing in the Project Area and on certain parcels adjacent thereto, including lease rental payments in support of

Redevelopment Agency bonds [in the maximum principal amount feasible pursuant to the Controller's estimate of future revenues to be derived from six point twenty-three percent (6.23%), of the Hotel Room Tax Fund less $60,000 per year provided for in this subsection (2)], or, alternatively, mortgage payments for other financing used to facilitate the construction of housing and also including costs of maintenance, operation, furniture and equipment relative to said housing and the administrative costs thereof.

(c) The funds next available in excess of the amount required for the purposes described in (a) and (b) above shall be used to provide the funds necessary to reduce rentals to one hundred percent (100%) of the units of housing constructed in the Project Area and on certain parcels adjacent thereto to rent level categories equivalent to those then in effect in public housing in the City.

(e) The funds next available in excess of the amount required for the purposes described in (a), (b), (c) and (d)

above may be applied, at the sole option of the City, to the early retirement of bonds or other evidence of indebtedness used to finance low-cost housing in the Project Area or certain parcels adjacent thereto; or may be applied to pay for bridges, ramps, concourse and landscaping to further enhance the convention center in the Project Area.

(f) Notwithstanding any other provision of this subsection (2), to the extent that the City becomes obligated to make lease rental payments to the Redevelopment Agency in support of Redevelopment Agency low-income housing lease revenue bonds or a series of such bonds, the obligation of the City to make the appropriate allocations referred to in this subsection (2) shall be deemed proportionately discharged. In the event that such bonds are paid and discharged prior to maturity, the foregoing obligation to make such appropriations and allocations shall be deemed to be proportionately discharged.

(g) In the event that other public and private funds in the future become available to construct or otherwise subsidize the low-income housing and related expenses hereinabove referred to, the Redevelopment Agency or the City may use such funds in lieu of the proceeds of the sale of the Redevelopment Agency low-income housing lease revenue bonds hereinabove described, and, to the extent that such funds become available and are utilized, the obligations of the Redevelopment Agency and the City to finance the low-income

housing hereinabove described shall be deemed proportionately discharged.

this section, as well as any amendment thereto, is subject to the prior approval of the City Attorney.

Sec. 7.06. Conditions (a) The General Manager or the Recreation and Park Commission may impose reasonable conditions on approval of a permit application in order to insure that public or private property is not damaged and that the comfort, convenience, safety or welfare of the public is not disturbed. Such conditions may be imposed on a permittee after the permit application has been approved if information is received by the General Manager after such approval which would provide reasonable grounds for the conclusion that further conditions are necessary, including the condition that the location of the proposed activity be changed. The provisions of this section are designed to secure for permit holders an opportunity fully to exercise the rights conferred upon them by the permit without unreasonably interfering with the rights of other members of the public to use park property and adjacent areas or to engage in First Amendment activities. The General Manager shall in no event impose conditions pursuant to this section which are designed to limit the content of First Amendment expression engaged in by persons affected by the permit or which unreasonably interfere with the right of free speech.

(b) The conditions which may be imposed on permit applicants include the following: (1) posting a performance bond to insure that property is restored and cleaned at the conclusion of the permitted activity; (2) providing insurance to protect the City

from liability from any harm that such activity might cause; and (3) agreeing to reimburse the Recreation and Park Department for any costs incurred by it in restoring damage to property caused by the actions of the permittee, its officers, employees, or agents, or any person who was, or reasonably should have been, under the permittee's control, and to defend the City against, and indemnify and hold the City harmless from, any liability to any person resulting from any damage or injury caused by the actions of the permittee, its officers, employees, or agents, or any person who was or reasonably should have been, under the permittee's control.

(c) When an applicant for a permit to perform an activity which is protected by the First Amendment to the U.S. Constitution and for which a performance bond must be posted produces evidence that providing a cash performance bond would be impossible or so financially burdensome that it would preclude the applicant from using park property for the proposed activity, the General Manager shall accept property in lieu of a cash performance bond so long as the property offered is of a type which will reasonably insure restoration and cleaning of the property to be used by the applicant at the conclusion of the permitted activity.

(d) No applicant shall be required to comply with the provisions of subsection (b)(2) pertaining to insurance if the activity proposed is protected by the First Amendment of the U.S. Constitution and the applicant produces evidence that complying

with those provisions is impossible or so financially burdensome that it would preclude the applicant from using park property for the proposed activity.

Sec. 7.07. Permits - Basis for Denial. The General Manager shall approve a permit application unless:

(a) A prior application for a permit to use the same location at the same time has been received and such application has been or will be approved authorizing an activity which does not reasonably permit multiple occupancy of the area;

(b) The proposed activity would conflict with a previously planned program sponsored by the Recreation and Park Department or Commission and scheduled for the same location as that requested by the applicant;

(c) The General Manager has reasonable cause to conclude that the applicant or any person or persons participating in the proposed activity will, in connection with that activity, cause physical injury to persons or substantial damage to property; provided, however, that in determining whether such reasonable cause exists the General Manager shall not consider the content of expression which is proposed or anticipated.

(d) The proposed activity is inconsistent with the purpose for which the facility or area has been established or designated;

(e) The location selected is inappropriate because (1) the nature of the proposed activity or the number of persons expected in connection with the activity would be likely to damage trees, plants or other vegetation; (2) the activity would unduly disturb

adjacent neighborhoods because of the nature of the proposed activity or the number of persons expected to be involved; or (3) other activities have been scheduled in an area or areas near the location proposed by the applicant, or they normally occur in such area or areas, and permitting the proposed activity to occur in the proposed location would unreasonably interfere with park use and enjoyment by participants in such activities.

(f) The applicant fails to obtain necessary approvals, permits or licenses from other governmental departments or agencies.

The permittee shall have 30 days from the transmission of such bill in which to pay or request adjustment of the same.
